

PLEASE READ CAREFULLY.

MATH PLACEMENT EXAM (Fall 2021)

Welcome to Howard University!

Access to the Math Placement Exam is as follows:

STEP 1):

- **Math Pre-Assessment (Mandatory):** The Math Pre-Assessment is administered through McGraw-Hill's **Assessment and Learning in Knowledge Spaces (ALEKS)** program. ALEKS is a web based, artificially intelligent assessment and learning system that quickly and accurately assesses a student's level of mathematic proficiency. The ALEKS program will create a customized learning module specifically for you to improve your math deficiencies so that you are prepared for college-level mathematics.
- Using the course code **MRJP3-XXYPA**, and your **Howard Bison Email Account** in the ALEKS registration process, will give you access to the Pre-Assessment. You must spend a **minimum of three (3) hours in preassessment**. However, we strongly recommend that you spend as much time as necessary in this review stage to reach your goal.

STEP 2):

- **Math Placement Exam (Mandatory):** Howard University Math Placement Exam is administered through **ProctorU**, a live online proctoring service that allows you to take your exam from the comfort of your home. **ProctorU** is available 24/7, however, you will need to schedule your proctoring session **3 days in advance**.
- **Review the ProctorU - How It Works - TEST-TAKER document for instructions on creating your ProctorU account and scheduling the proctoring of your exam.**

----> Download the Firefox browser and use it when you create your profile and take your exam with ProctorU. <-----

REMEMBER: You must spend a minimum of **three (3) hours in the math pre-assessment/learning plan before moving forward to the math placement exam.**
